About

As an aspiring Front-End Developer based in Vancouver, Canada, I am deeply passionate about creating user-centric and responsive web applications. Despite not having formal job experience In the field, I have dedicated significant time to self-study and hands-on practice, focusing on mastering HTML, CSS, JavaScript, and gaining proficiency in Next.js, TypeScript, Node.js and WordPress.

Experience

WordPress Developer   November 2023 – January 2024
Komaita.inc   *Japan (Remote)*

- Led the development and customization of an e-commerce site using WooCommerce, enhancing functionality and design through close collaboration with designers and developers
- Managed a developer team, overseeing project milestones and ensuring high code quality, which resulted in improved user engagement and sales conversion rates
- Enhanced the online shopping experience by integrating advanced WooCommerce features and implementing a strict quality assurance protocol, significantly improving site reliability and performance

Used Technologies: WordPress, HTML/CSS

Projects

Frontend Developer   January 2023 – March 2023
MangaFlix   *Portfolio(https://mangaflix-yuhamada.vercel.app)*

- Developed a manga-sharing application using Next.js, TypeScript, Prisma, and Supabase, focusing on enhancing the user experience through efficient data handling and responsive design with TailwindCSS
- Utilized TypeScript for improved type safety and easier debugging, ensuring a more reliable development process
- Implemented server-side rendering and static generation with Next.js for fast page loads and an engaging interface
- Leveraged Supabase for real-time data updates and secure user authentication, alongside Prisma for streamlined database management and intuitive data modeling

Used Technologies: Next.js, TypeScript, TailwindCSS, Prisma, Supabase

Technical Skills

Languages/CMS: TypeScript, JavaScript, HTML/CSS, Ruby, Python, WordPress
Frameworks/Libraries: React.js, Next.js, Node.js, Express, Redux, Tailwind CSS, Zustand, Socket.io, Shadcn UI, SASS, Material UI, Bootstrap, Jest, Flask, Django, Ruby on Rails
Database/Developer Tools: MongoDB, Firebase, Supabase, PostgreSQL, Prisma, AWS, Git, Docker, Github Actions

Education

Cornerstone International Community College of Canada / Vancouver, Canada
Web and Mobile Application Development Diploma — Sep, 2023 - Present
Tokyo University of Science / Tokyo, Japan
Bachelor of physics — Apr, 2019 - Mar, 2023
